

vision

All children have the right to develop their personal, unique skills so they can have a good future and contribute in a positive way to the society they live in

our dream

All children grow up in loving environments that nurture their development

mission

Establish accessible, lawful and child-friendly child justice systems that focus on prevention and rehabilitation and always put the best interest of the child at the centre of their actions.

strategic priorities 2018 - 2021

Prevention

Youth and communities are empowered to flourish:

- Extend our psycho-social activities to child victims
- Reach remote areas via satellite youth development centres that offer coherent programs in Life Skills, parenting, vocational and entrepreneurship training and community mediation
- Empower youth as local development Changemakers

Rehabilitation

Child Justice institutions thrive the positive reintegration of young offenders:

- Consolidate our work in access to justice
- Maximize the role of partners at police, court, prison, CBO's
- Assist to streamline policies and procedures
- Increase diversion programs
- Optimize our vocational and entrepreneurship programs

Awareness

Children, youth, families and communities have knowledge on child rights, where to report abuse and where to access support:

- Make information on child (justice) rights and service providers broadly accessible
- Train (graduated) youth as peer educators and as vibrant outreach organizers
- Advocate for necessary change in laws and practices

Organization

Byounique Trust is known as the African Child Rights and youth empowerment expert

- Continuously strengthen our program model and teams
- Extend into Central Malawi, train implementing partners in the North
- Establish Byounique Trust in 2 new African countries
- Guarantee financial security via a diverse donor network and income-generation
